

2007 VAR Conference

JPI Data Resource is named VAR of the Year 2006 at Winners Circle

JPI Data Resource was named Laserfiche VAR of the Year at the 9th Annual Laserfiche Winners Circle awards banquet in front of 300 VARs and guests in the main ballroom of the Monte Carlo Hotel in Las Vegas.

In accepting the award, JPI President Jim Bergeron said, "It's truly a privilege to sell this product. I want to thank (Chairman and CEO) Nien-Ling Wacker for letting me take the ride."

Bergeron cited Laserfiche's commitment to Healthcare as a key reason for his firm's success. "The market is still in its infancy really," he said. "The future for all of us is very, very bright."

Based in Baton Rouge, LA, JPI Data Resource became a Laserfiche VAR in 2000. This was their fifth consecutive year in the Winners Circle.
